

Logistics Coordinator – Oshawa, ON

THE OPPORTUNITY

We have an exciting opportunity in our Canadian Head Office for a **Logistics Coordinator** to join our team. Reporting to the Supply Chain Manager; this position is responsible for supporting Draka EHC's competitive position through assisting the Senior Traffic Specialist with distributing products to customers on a timely, cost-effective, and reliable basis. The Logistics Coordinator will be responsible for movement of all products around the globe, track shipments for internal and external customers daily, coordinate with multiple service providers / customers, and problem-solving until shipment delivery is completed. They will also be responsible for providing backup to the Purchasing Agent function.

If you are innovative, self-motivated, pride yourself with achieving excellence, and enjoy a fast-paced environment with the personal satisfaction of working for a company which has a global presence, this is your opportunity to play a pivotal role in the growth of this important organization.

Draka EHC is an equal opportunity employer that provides competitive compensation and benefits packages as well as opportunities for development.

REQUIREMENTS

- Completion of 2-year community college program, preferably in either Supply Chain, Logistics Administration or Diploma in Distribution Management
- Minimum of two years experience in a fast-paced traffic environment serving domestic and international customers and the movement and distribution of products in a timely and cost-effective basis while in compliance with legislation
- In-depth applied knowledge of Canada and USA Customs regulations, INCO shipping terms and the North America & international transportation industry
- Familiarity with current USMCA, GATT, IATA (Dangerous Goods), Transportation Law, Physical Distribution, Rules and Regulations affecting international trade
- Previous demonstrated experience in successfully negotiating best rates
- Microsoft Office proficiency
- Demonstrated above-average business written and verbal skills
- Must be a team player and be able to interact with all levels of the organization
- Must be able to work under pressure and meet deadlines
- In-depth knowledge of, and previous applied experience with an ERP system

ABOUT US

Draka EHC

A brand of Prysmian Group, Draka EHC was formed by the merger of Draka Elevator and EHC Global in January 2021. Draka EHC is a leading global manufacturer and supplier of products, technical services and integrated solutions to the global vertical transportation industry. Our elevator portfolio includes traveling cables, suspensions means (wire rope, coated steel rope, coated steel belt), compensation chain, wireway, specialty tools, rollers, hardware, and components. Our escalator portfolio includes handrails, UV-C handrail sterilizers, safety brushes, rollers, safety awareness solutions and field splicing services. Each day, Draka EHC helps millions of people all over the world move safely and comfortably on elevators, escalators and moving walks in public transit systems, shopping centers, airports, office buildings, hospitals, condominiums and other metropolitan spaces. Draka EHC is committed to developing sustainable solutions that optimize safety, enhance value and meet the challenging demands of OEMs, designers, building owners and facility managers. For more information, visit www.prysmiangroup.com and www.ehc-global.com.

Prysmian Group

Prysmian Group is world leader in the energy and telecom cable systems industry. With almost 140 years of experience, sales of over €10 billion, about 28,000 employees in over 50 countries and 104 plants, the Group is strongly positioned in high-tech markets and offers the widest possible range of products, services, technologies and know-how. It operates in the businesses of underground and submarine cables and systems for power transmission and distribution, of special cables for applications in many different industries and of medium and low voltage cables for the construction and infrastructure sectors. For the telecommunications industry, the Group manufactures cables and accessories for voice, video and data transmission, offering a comprehensive range of optical fibres, optical and copper cables and connectivity systems. Prysmian is a public company, listed on the Italian Stock Exchange in the FTSE MIB index.
